SEARCH TIPS:

1. If your vehicle's make does not appear in the **Make** pulldown menu, or if it is more than 20 years old, look on www.collectorcartraderonline.com.
2. If you do not locate your car under your own ZIP code, try 92123 instead. [Vehicles are sometimes entered with that ZIP code as a default.]

10a. If you selected a **Featured Listing** (exclusively available to dealers) to market your vehicle, it should appear in the first group of vehicles at the top of the page. Scroll to your listing.

10b. If you do not have a **Featured Listing**, scroll past the **Featured** vehicles to the heading that says **Standard Listings**. Scroll to your listing.

11. Double-click on your car's listing and up pops its photo and text.
